

**SECTION 01000****SUMMARY OF WORK**

The work consists of furnishing and providing all labor, tools, required equipment, materials, methods, processes, implements and machinery which are necessary and required to repair, and/or install, and/or replace, and/or restore and put in complete order for use; concrete sidewalk, curb, driveway, driveway apron and minor street patching in areas of trenches excavated for the repair of water mains of the Owner and/or similar work involving concrete and/or bituminous concrete work required within the Owner's service area.

The work sites are located in Bristol, Falls, Middletown Townships and Tullytown Borough. Regulations and specifications of PennDOT and each Township/Borough shall be applicable. The Contractor shall be required to obtain applicable construction permits from each Township/Borough's License and Inspection Department at their own expense. Permit fees paid for the work required under this Contract and approved by the Owner are reimbursable. The Contractor shall submit a copy of the permit and proof of payment to the Owner for reimbursement consideration. All work shall be subject to inspection by PennDOT and/or the respective Township/Borough Inspection Department as well as the Owner.

The Contractor agrees that the bituminous paving, concrete curb, sidewalk, driveway, and/or apron trench backfill, site grading, etc. and other work covered under this contract shall be free from all defects and be guaranteed for a period of one (1) year from the date of acceptance and any defect which may develop within this period shall be replaced and/or repaired by the Contractor without any expense to the Owner.

The Contractor is required to meet all Pennsylvania One Call requirements prior to digging.

The Authority does not guarantee any specific amount of work under this contract. For the purpose of estimating an amount of the bid bond, performance and labor and material bonds, the Contractor shall consider installation of 500 ft<sup>2</sup> of 4" concrete, 500 ft<sup>2</sup> of 6" concrete, 100 Linear feet of curb, 100ft<sup>2</sup> of driveway and 1 handicap ramp with cast in place truncated dome grid surface and 1 handicap ramp without cast in place truncated dome grid surface.

The unit price as bid shall prevail for the entire one (1) year period of the contract. Prices bid in the Bid Form shall be in the unit specified. Any conditional bid shall constitute grounds for rejection. The Authority reserves the right to extend the contract period for an additional one (1) year upon written agreement by both parties.

The Contractor shall submit invoices for payment consideration and shall be paid based on the actual amount of work completed. Payments will generally be made approximately within one (1) month from the date of invoices received at the Authority's office.

Noncompliance with the requirements of this contract shall be a cause for termination of the contract.

Should the Contractor not comply with the requirements as set forth in these contract documents, the Owner reserves the right to seek the required services from another Contractor.
